

Hello again from sunny Switzerland. Another week completed – this one has gone very quickly compared to the first. We have successfully completed and passed the first three modules on Bible Doctrine, Biblical Basis for Evangelising Children and How to Evangelise Children. As a result we had no assignments over the weekend and were therefore able to relax fully. All the students and some of the volunteers from Kilchzimmer went on a trip to Luzern about an hour away. We as a family took a trip up Mt Pilatus (over 7000ft high). This involved a boat trip, a cog train to the top and a cable car back to the bottom of the mountain. We did spend about two hours on top exploring some of the sights and climbing to the summit. Amazing views!!

We then enjoyed a McDonalds in Luzern and enjoyed a short walk crossing over the old wooden bridge before returning to Kilchzimmer.

Martha Heidinger - American

We started our next three modules this morning :

- How to teach a Bible lesson (we have to prepare 2 lessons and teach them for assessment along with homeworks every night) taught by Jennifer Evans & Angie McKee – both N. Irish
- How to organise a GNC programme (practical assessments over the next week for this) taught by Dorthe Jensen - Danish
- Visual Communication techniques (A series of Flashcards to be designed and completed for next Monday) taught by

It will be a very busy few weeks. It is a great comfort to know people are praying for us over this time.

Prayer Points

- Continued help with our studies and assignments
- That we would guard our own quiet-times and continue to know God's guiding
- Thank God for all the staff, volunteers and teachers here at Kilchzimmer
- That the girls will learn from the bible studies and prayer times they do with Ruth Lockhart.

Paddy, Jill, Faith, Jenny & Emma
