Evangelising  
Together

We're  
Here to Help!

## We're Here to Help!

The Evangelising Together committee has a very clear reason for its existence. To encourage and assist evangelistic endeavor among the churches in the northern region of our Association of Churches.

## That means we are here to help you!

There are a number of ways we can help.

### 1. Book Trailers.

If there is a special event taking place in your area; a vintage rally, agricultural show, market, or fair for example, why not arrange for one of our book-trailers to be there. This affords a tremendous means of witness and contact with many people your church would not otherwise meet.

### 2. Evangelism Teams.

Many churches don't have the manpower available to systematically visit the area in which they are located. We can put together a team to help for a short period to engage in intensive door to door visitation. Alternatively, we can arrange an ongoing programme of visitation over a longer period.

### 3. Training.

Perhaps there are folk in your church who feel apprehensive about being involved in outreach. We can provide training and be with them as they 'break the ice' in door to door work, tract distribution, open air work etc.

### 4. Preaching

If you are thinking of having an extended Gospel Mission or some one off events such as evangelistic breakfast or lunches; home meetings or a meeting in a community hall, we have people who are experienced in these forms of outreach and would be willing to help.

### 5. Literature

We prepare the 'Discovery Magazine' every year but we also carry a large stock of tracts & booklets which can be made available.
